I will send you one of Mr Clark  
Letters the first opportunity <sup>I send it for you at Pease & P</sup> & you can not  
such use of it as you think proper. It is weak  
& wicked. Notice what he says of my demands  
on his description of the "ungodly children  
of Adam" & which dog ~~you~~ <sup>you</sup> apply to whom but  
civitans. See how he quotes but apart of it.  
Says all to whom that applies must be christians.

How written you gentle letter.  
But won't just to say of your policeice can  
hold out that a young man from N. Haven  
by the name of Moore has been preaching a  
few weeks at Berlin for Dr Baldwin.  
He now enters upon his second year in the  
university & will be ready for service in  
the spring. He was at Framingham & preached  
once, also a lecture for me. I had much con-  
versation with him. He is just the man  
for this region. We must get him here.

He has become quite interested in the region  
& will come in the spring if the way is opened.  
~~Keep him in mind he is of the right stamp.~~  
He is an Amherst student but a boy wrote  
in whom is no guile good he. He has  
now gone to N. Haven. I say (after seeing the  
place I occupied amongst the older members of  
Framingham) he will tell the good Dr Togbar that  
sophomore carries the day in this region - the reproach  
of good men to the contrary notwithstanding.

If you insist in the spirit of the Reforms my  
note on the Statement correct a mis take of the  
prep in line 10. from the top of page 15. <sup>before</sup> ~~after~~ the  
note has insert a cross off the down word  
dele had so that it shall read that "Greece - refor-  
mation & freedom - has no place." i.e nothing "refor-  
mation & freedom" except "Greece".

I last evening returned from the meeting  
of the Conference of Churches. Such a day what a meeting!  
For you know that nothing succeeds that is attempted  
at Concord (the place of meeting.) Dr Moore & myself  
were the only minister present except that Dr Smith  
came in just at the conclusion of the service  
of the afternoon. — Our Report was a short one.  
Lost & gained 160 were reported as added to the  
churches the preceding six months - now but 31.  
Southboro was not reported. — Dr Smith is  
about to leave E. Saalburg for Kennebunk Port  
(Maine) Dr Baldwin is to be successor in a few  
days. A. Stoff for the interests of Zion in this  
region.

Dr Follett is to be removed at Southboro  
the 24 inst. Dr Demond installed at Holliston on  
the 31 inst.

When at Concord I was very hospitably  
entertained at the house of Josiah Davis & wife  
an opportunity of observing — which!

I am glad to hear of the prosperity  
of your parish affairs — hope you have obtained  
a place in which to keep yourself & wife — to  
whom always give my best & present love.

Yours in Y. S. Lee

Dear Brother

I am much obliged to you  
for the kind interest you & your good wife take  
in a subject of so much interest to myself & it  
has not been at Framingham since the receipt  
of your last - was there & preached to Miss Mendel  
I suppose the day after we arrived in the place

By the way - the meeting at F. last week  
was unusually interesting. your friend preached  
such a day before audience. Dr. Fosk sees now  
clearly that nothing but Taylorism will do in a  
protracted meeting. The meetings were as full  
as last year.

The Review. I hope you will prepare  
it for the Nov. No. I find it is attracting attention  
in the region. Mr. Clark's Letter appeals to me  
as off-colored - flat enough - an appeal merely  
to the base passions of bold & ignorant men. He  
bushes me to come & warn him of his danger.  
If I think him in such danger. To day I have  
been. I spent 3 hours with him - talking with  
me his letter & pointing out to him his unfitness  
telling him that I now as when I wrote the sermon  
think him to be saving the souls of his hearers.  
It was plain talk. I shall purpose to comply with  
his request & meet him before the Town & discuss  
the subject. I will speak on some such day  
& let him have my manuscript from while to pre-  
pare his sermon for the next week. when I will  
take his & prepare a sermon for the week following  
& so on in rotation.
